

# Join us in Transforming Life with Dementia!

## **A Call to Action: Transforming Life with Dementia**

### **A Groundbreaking Report on Support and Services by Persons Living with Dementia**

Join us for a groundbreaking event led by the National Council of Dementia Minds, a trailblazing nonprofit governed by persons living with dementia. Explore the essence of our transformative initiative as we unveil the groundbreaking findings of our research. From diagnosis to the pivotal first year, our report delves deep into the essential supports and services crucial for enhancing quality of life.

Crafted by 65 diverse voices living with dementia, our report, "Transforming Life with Dementia," is more than just a report – it's a call to action. It encapsulates the lived experiences and invaluable insights of persons directly affected, providing a roadmap for real change. By following these recommendations, we have the power to revolutionize the landscape of dementia care, fostering an environment of understanding, empathy, and dignity for all. Join us in turning these words into action and transforming life with dementia.
