

We invite you to join the National Council of Dementia Minds (NCDM) as a sponsor of our first annual virtual educational conference and fundraising celebration—an exciting national event that brings together powerful voices and bold ideas that are changing what it's like to live with dementia. As a sponsor, you'll place your brand at the center of a movement led by people living with dementia and connect with families, care partners, professionals, and changemakers across the country.

This dynamic half-day event will feature presentations from internationally renowned dementia educator and founder of Positive Approach to Care®, Teepa Snow; speech-language pathologist and social media powerhouse Adria Thompson; and NCDM's own visionary leader, Brenda Roberts—joined by NCDM members living with dementia as co-presenters. We will also premiere a long-awaited new NCDM video highlighting the powerful impact of peer support for people diagnosed with dementia.
